Every inch of the beautiful Sitka 2-story floor plan is built for your lifestyle. The dining, family room, and kitchen on the main level provide the perfect space for your family to relax, cook, eat, and socialize together. The kitchen includes a walk-in pantry and a wrap-around counter, where you can add a few stools for the occasional snack time or working on homework. Upstairs you'll discover a spacious loft, and the bedroom with a bathroom and laundry room. And lastly, enjoy the primary bedroom with a large primary bath and spacious walk-in closet with a window.
