Welcome to the Boxwood, a stylish yet practical three-bedroom, two-and-a-half-bathroom home plan with a two-car alley-load-styled garage, available exclusively on select lots! The main floor boasts a versatile flex room, perfect for a home office or formal dining, complemented by an open-concept layout accentuated by ample natural light pouring in through large windows. The beautiful and spacious Kitchen includes an island for added functionality, while the adjacent Great Room opens up to a spacious patio on the side of the home.

Upstairs, the master suite offers a luxurious retreat with a walk-in closet and ensuite bathroom, while two additional bedrooms share a full bathroom. Convenience is paramount with ample parking and storage space in the garages, while thoughtful design elements enhance functionality and sustainability throughout the home. From its stylish interiors to its inviting outdoor amenities, the Boxwood epitomizes contemporary living at its finest.
