Stylish and functional, The Stonebrook floor plan features 3 beds and 2.5 baths that you'll love calling home. The main living space includes a family room, kitchen, and dining areas that provide the perfect space for relaxing, cooking, and eating with your family. Upstairs you will discover a spacious owner's suite with plenty of natural light from gorgeous windows, an ensuite bath, and large walk-in closet. A laundry room is conveniently located on the top floor, along with a full bathroom and two bedrooms (one with a walk-in closet). An additional bedroom and bathroom can be added with the choice of a finished basement.
